WELCOME TO OUR PRACTICE

Martins Lane Dental Practice was established before the start of the NHS. Dr Annette Wyllie joined in 1974 and became sole owner in 1993. In 2016, she was delighted to welcome Dr Sarah Wardle, her daughter, as a partner into the practice. Dr Wardle has been with the practice since 2001 and is already well known to many of our patients.

We provide dental services to all the community. We would like to extend a warm welcome from our practice and look forward to providing you with quality dental care.

OUR PHILOSOPHY

We are committed to quality and excellence and we have management systems which ensure we deliver a quality service consistently. Our patients are very important to us and we regularly ask for your views on our service. We will discuss and agree with you your treatment and the costs and we will keep you informed should there be any changes to the proposed treatment.

MEET THE TEAM

We have 11 full time surgeons

	Qualification	Full/Part time

E. Jackson	K. Singleton	M. Grist

Our Practice Manager is J. Newton

Assistant Managers:

A. McCready E. McFerran S. Smith

A full range of NHS treatment is available for everyone and is undertaken by all of our dentists. We are happy to see children on the NHS from birth as we believe it is important to start a preventative dental care routine early in life.

PRIVATE

We also undertake private dental treatment. Patients already registered with the NHS may wish to mix some private treatment with their NHS treatment — for example, cosmetic treatment that is not available through the health service.

Denplan membership is also available.

Please feel free to discuss your treatment needs with your dentist

RANGE OF SERVICES

In addition to standard NHS treatment, we provide

TMJ work
Hygienist services
Cosmetic Dentistry
Sports Shields

FACILITIES FOR THE DISABLED

Our reception and five of our surgeries are on the ground floor and are accessible to wheelchairs. We also have a ground floor bathroom for disabled patients.

LABORATORY WORK

Laboratory work for crowns and dentures etc is undertaken by top class technicians who work to the same standard that we do. Free quotations given on request.

PRACTICE COMPLAINTS PROCEDURE

We operate a customer complaints procedure in accordance with national guidelines. We hope that a complaint can be resolved quickly and easily with the person concerned. If however you wish to discuss your complaint in detail, please contact Mrs J. Newton our complaints manager.

YOUR DATA

All clinical and administrative staff have access to your information. Patients can access this information by making a request in writing to one of the partners/manager. All data is stored securely. Our data protection policy is available on request.
